day ahead of time next week, and will  
be obliged if communications are sent in  
a little earlier. The Record will be  
mailed Thursday morning, but the  
office force will all be given a holiday.

**Better Congregations.**  
We have been asked how to have  
more people hear the gospel. Let those  
who are able to have jewelry and fine  
clothes, leave them at home and attend  
church in their plainest dress, in  
order that the poor may not be abashed  
when meeting them at church. Go to  
the homes of the unfortunate and ask  
them to come to church. Let the  
minister go among the sinners and  
preach, no matter where they prefer  
to gather—be it on the Chute or  
anywhere. Such was the practice of  
of the Savior. He even went among  
fishermen. Above all tie a hard knot  
in the tongue of slander, and sinners  
will feel that they may yet be re-  
deemed.

**Tobacco Growers.**  
A good crowd of farmers met at the  
Court House Saturday. J Wade Wal-  
ker was elected chairman and L G Da-  
vidson, Secretary. B. F. Hudson  
read the form of contract to be  
signed by tobacco growers, pledging  
three-fourths of their crops to the To-  
bacco Growers Association, and re-  
quiring them to take 25 per cent. of  
the crop in stock, to interest them in  
the fight against the trusts. They  
paid \$400, the first installment on  
stock, and they have pledged over 200  
acres of tobacco to the company; but  
as 1,200 acres, or 1/4 of the crop of the  
county, and of the other 39 counties,  
must be pledged by November 25, the  
enterprise may not succeed at this  
time. They are determined, however  
to get better prices. J G Burnsides  
was elected chairman and B F Hudson  
and J Wade Walker were elected mem-  
bers of the county boards.

**Rewards.**

lish the following section, as of general  
interest at this time:  
"Larceny from post office stations,  
street letter boxes, or other recepta-  
cles established, approved or designated  
by the Postmaster General for the  
receipt of mail matter on any rural  
free delivery route, star route, or other  
mail route, or from boxes rented in  
post-office, or from any public recep-  
tacle for mail matter, will be regarded  
under this Offer of Reward as of the  
same effect as larceny from a post office  
proper."

**Alfalfa a Good Thing for Kentucky.**  
Mr A. J. Sanders, of Oldham coun-  
ty, Kentucky, says: "About five years  
ago I sowed two acres of alfalfa as an  
experiment. I had read a great deal  
about its wonderful productiveness,  
and saw no reason why it should not  
succeed in Kentucky as well as in the  
West. The first year we had a severe  
drought, which burned up all the other  
pastures and killed out a lot of  
grass. I kept my alfalfa clean by  
mowing it, and it came through all  
right. The following year I cut a good  
crop of hay and pastured late in the  
fall, and every year since I have cut it  
three times. This season I could have  
cut it four times had I not pastured it.  
My cows prefer it to any other grass.  
I have seen them leave their shipstuf  
for alfalfa. It makes the finest but-  
ter, both in color and flavor, that I have  
ever seen, and I am of the opinion  
that it is the very thing for Kentucky  
soil, such as I have. We can grow  
more to the acre than anything else  
with which I have had experience. I  
have sowed nine acres more, and ex-  
pect to increase this in the future."

It is gratifying to find a farmer who  
has succeeded with alfalfa without  
wasting time on the nonsensical fads  
of "bacteria and inoculation." God  
blessed the seed long before the  
Government farmers began to dream  
in the laboratory and to draw a sal-  
ary.

As the time approaches for the Leg-  
islature to meet there are suggestions  
in reference to certain laws that should  
be enacted. We venture a few sug-  
gestions. We need a law to hold city  
elections separate from all other elec-  
tions, even on another day. It should  
be made a felony to carry a concealed  
deadly weapon. The juries for county  
should consist of men from another  
county, to prevent hung juries or un-  
just verdicts, on account of the likes  
and dislikes of the jury and the power  
and influence of the defendant. No  
divorce should be granted, except for  
the scriptural cause. Separation  
might occur but no power to marry  
again should be granted. An iron  
clad law should be enacted on compul-  
sory education. Each newspaper  
should be required to give bond for  
the truth of every statement, where  
character is assailed. Cashiers of  
banks should be required to certify to  
assessors the amount of cash each de-  
positor has to his credit on the day to  
begin assessing. This should only be  
done to list the money of the man  
who tries to evade taxation. It is  
claimed that personal property is not  
listed here or elsewhere as fully as it  
should be. In fact, one of the oldest  
and best informed men we have, told  
us that he was satisfied that there was  
at least a quarter of a million of dol-  
lars of personal property in this coun-  
ty, more than the lists show, and yet  
the assessor did the best he could, with  
the means he had to get information  
concerning that kind of property.

It is reported that Mr Yerkes, the  
Commissioner of Internal Revenue, is  
preparing to issue orders, to take effect  
December requiring express offices  
that deliver C O D packages of whis-  
key and every physician who prescribes  
whiskey to take out a dealers license.  
Many high compliments and many  
expressions of praise have been uttered  
by the press, and by individuals, for  
the Commissioner on account of these  
rulings, and we join the good people  
in saying that it will aid materially in  
crushing the liquor traffic, which we  
oppose as heartily as any one.

It will certainly do much good, in  
preventing sales, to require each ex-  
press office delivering liquor C. O. D.;  
to take a license but it seems like a  
hardship to require a physician to  
have a license to prescribe whiskey  
as a medicine. It is true that some  
physicians have abused this privilege,  
but taking it away would work a hard-  
ship on the innocent sick, who really  
need liquor as a medicine, and who  
are as much opposed to its use, as an in-  
toxicant, as any one is. It appears that  
a physician had as well be licensed  
to prescribe morphine, strychnia  
or any other poisonous drug which he  
must use in his practice.

It is conceded by all good business  
men, that the investigation of Life  
Insurance companies is the best thing  
that could happen for the people and  
the companies; which are sure to be  
more economical in expenses and thus  
be enabled to pay large profits. This  
has already been demonstrated, and  
a law requiring quarterly examinations  
will prevent all irregularities, which  
are sure to creep in any institution,  
which handles large sums of money, as  
banks and other like institutions. The  
solvency of the companies cannot be  
questioned.

**Son Lost Mother.**

"Consumption runs in our family,  
and through it I lost my mother,"  
writes E B Reid, of Harmony, Me.  
"For the past five years, however, on  
the slightest sign of a Cough or Cold,  
I have taken Dr King's New Discovery  
for Consumption, which has saved  
me from serious lung trouble." His  
mother's death was a sad loss for Mr  
Reid, but he learned that lung trouble  
must not be neglected, and how to  
cure it. Quickest relief and cure for  
coughs and colds. Price 50c and \$1.00  
guaranteed at McRoberts' drug store  
Trial bottle free. 1m

**Man's Unreasonableness.**

Is often as great as woman's. But  
Thos B Austin, manager of the "Re-  
publican," of Leavenworth, Ind., was  
not unreasonable, when he refused to  
allow the doctors to operate on his  
wife, for female trouble. "Instead,"  
he says, "we concluded to try Electric  
Bitters. My wife was then so sick, she  
could hardly leave her bed, and five  
physicians failed to relieve her. Af-  
ter taking Electric Bitters, she was  
perfectly cured, and can now perform  
all her household duties." Guar-  
anteed by R E McRoberts, druggist,  
price 50c. 1m
